TRUFLO, part of the Somany Impresa Group, has been offering a wide range of world-class Plastic pipes, fittings and allied products while representing the superiority and quality built over six decades.

Building on a legacy of innovation, **TRUFLO** has always focused on enhancing the customer experience through products manufactured using cutting-edge technology. **TRUFLO** 's range includes NSF-certified CPVC, a lead-free range of UPVC, SWR, PVC pipes and fittings, column pipes for borewell application and newly introduced water storage tanks in select markets.

TRU QUALITY TRU COMMITMENT

TRUFLO offers more than 2000+ SKUs, and endeavours to expand the variety of products are continuously underway. One of the plumbing industry's brands with the quickest growth, **TRUFLO** aims to keep providing the best products possible while adding value for all its stakeholders.

Continuing the commitment to deliver quality products, **TRUFLO** presents Bath Fittings, offering a wide range of PTMT faucets, flush tanks & seat covers, and other accessories. The entire range is crafted to elevate your experience through superior build quality, excellent functionality, and impressive looks.

ELEVATION OF EXPERIENCE LIKE NEVER BEFORE

TRUFLO Bath Fittings come with the assurance of durability and provide your bathroom with an exclusive appearance. Each product has a unique design created to offer high strength and, at the same time, delight the modern bathroom decoration. These fittings also give an added advantage of a longer lifespan since they are not subject to chemical action, corrosion, weathering, or scale formation. They are also affordable and easily installable.

PRODUCT CATEGORIES:

- ◎ **Faucets**
Durable and stylish collection of faucets made of PTMT.
- ◎ **Flushing Cisterns & Toilet Seat Covers**
Anti-corrosive and high quality sanitary wares providing the best hygiene.
- ◎ **Accessories**
Connection Pipe, Collapsible Pipe, Ball Cock, Jet Spray, Floor Trap, Overhead Shower etc.

TRUFLO Bath Fittings offer assurance for hygiene with **Silver Ion Nanotechnology** that has nano particles of silver, which neutralise the germs by weakening the microorganisms' biological structure by attacking their DNA and stopping them from reproducing and growing into harmful pathogens.

PTMT Faucets

TRUFLO faucets are made of PTMT & come in 14 different beautiful designs & colours

What is PTMT?

PTMT stands for **Polytetra Methylene Terephthalate (PTMT)**, an **Advanced Engineering Thermoplastic Polymer**. It combines the advantages of both plastics and metals. Since it is an especially engineered plastic, it has many advantages over other materials in terms of functionality and longevity.

In addition to being durable, PTMT also provides the products with an excellent finish by giving them a glossy sheen. The material can be cleaned easily using detergents or soaps. Since the material can withstand environmental stress, PTMT fittings do not break, and its hardness prevents scratches. Additionally, it's anti-static, thus preventing dust from adhering to it.
